BY SIGNING BELOW I AGREE TO THE FOLLOWING STATEMENTS:

- I want to be a team member of this Grassroots Trust Mission trip to India. I have chosen to come myself, and I am under no obligation or pressure from The Grassroots Trust.
- I understand I must have a **valid passport with no reason not to be able to obtain a visa to India** and that it is my responsibility to have this with me throughout the mission trip.
- I understand that public liability and employer's liability insurance is provided by Grassroots for this trip and that I must make a contribution to the trust's Insurance policy. **I also need to have my own travel insurance (including cover for voluntary work, repatriation and any pre-existing medical condition)**. Beyond this insurance, The Grassroots Trust is not responsible in any way for either my health needs or any property I bring with me on the mission trip.
- I understand that there are dangers in travelling to and in India. These include the risk of infectious or water-borne diseases, accident (in or out of means of transport), loss of property, crime and/or terrorist attack. All these risks I accept as my own responsibility and will not hold The Grassroots Trust, its directors or trustees responsible in any way.
- I understand that it is my own responsibility to arrange anti malaria drugs, to take all normal medical precautions and have all inoculations that I consider necessary having taken advice from my GP.
- Even though Grassroots will be organising for the team to have some food and drink – often provided by church groups or from cafes – I understand that it is my choice & responsibility whether to eat/drink the food/drink and to follow normal hygiene procedures.
- If I bring my driving licence and drive any vehicle it is completely my responsibility to make sure I am insured properly, and not the responsibility of Grassroots. I also understand that whether I travel in a vehicle driven by myself or someone else it is my choice and my responsibility to consider whether the vehicle is road worthy, the driver competent and the time/route safe. None of this is the responsibility of the Grassroots Trust or any group leader, whether staff or volunteer.
- I confirm that I have never been convicted of any offence in any criminal proceeding in any court, in any country (apart of motoring offences that did not result in disqualification). Please contact us if this is not the case.
- My conduct has never caused mental or physical harm to a child or young person or put a child at risk. To my knowledge it has never been alleged that my conduct has resulted in any of those things. **(A DBS background check is required for all team members.)**
- I understand that there are sometimes issues of international security that may impact travel to and/or within India – as detailed on the UK Foreign Office website. I have made the decision to come in this full knowledge and will not hold The Grassroots Trust responsible in any way should I decide not to come at a later date. In the event that the UK Foreign Office recommend no travel to and/or within India, then my only recourse for any financial loss will be through the insurance arrangements that I have made.
